DETAILED ACTION

1. Claims 8, 18-24 and 27-28, have been cancelled.

Response to Arguments

2. Applicant's arguments with respect to claims 1 and 25 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 25 recites the limitation "said transmitter included", and "said controller is connected" in page 5, line 6th of claim 25. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

4. Claims 1-7, 9-17 and 25 are allow.
5. The following is a statement of reasons for the indication of allowable subject matter:

Regarding dependent claim 1, the prior arts fail to teach "command in said data packet is for the display of said image at predetermined intervals of time" as cited in the claim.

Regarding independent claim 25, the prior arts fail to teach " said transmitter includes a database of attributes for respective receivers and said controller is connected to said data base for identifying respective attributes and including in said

Art Unit: 2684

data packet a predetermined command in response to said respective attribute", as cited in the claim.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
